

FINE ART AUCTION

SUPPORT A CULTURAL ENDEAVOR

PAINTING, DRAWING, SCULPTURE, PHOTOGRAPHY, PRINTMAKING, CERAMICS, GLASS & JEWELRY

Brad Cooper Gallery will hold its annual **Fine Art Auction** to celebrate **twenty-three years** of sustaining a visual arts environment in the Tampa Bay area. The gallery has a diverse line-up of painting, drawing, photography, print-making, ceramics, glass, & jewelry. The Auction will include work by established artists from the region and across the country who have exhibited at the gallery since 1984 and from represented gallery artists.

Proceeds from this event directly support the artists and exhibition programs at the gallery. The 10% buyers premium will support the Nicholas Morosoff documentation project. As well, this event introduces new collectors to original works of art, and provides existing collectors opportunities to add to their collections while supporting one of the longest established fine art galleries exhibiting contemporary art. For further information about the event go to: www.bradcoopergallery.com
